PROFESSIONAL PROFILE

Results-driven Human Resource Management professional with an MPA (HRM) and 10+ years of progressive experience spanning HR operations, talent management, compliance, document control, and organizational development. My career spans diverse industries including textile manufacturing, construction, and business management — complemented by 2 years of Gulf experience in Saudi Arabia. What sets me apart is my ability to bridge traditional HR expertise with modern AI technologies — having personally designed and implemented AI-powered HR management systems, automated HR workflows, and predictive analytics tools for workforce planning. I bring the rare combination of solid HR foundations and real-world AI implementation experience, making me uniquely equipped to contribute to forward-thinking organizations.

✦ MY UNIQUE VALUE TO YOUR ORGANIZATION ✦
